

Advertising on GlobalGreenUp.com

- By default, Ads will rotate throughout the entire site, and on all pages except the home page of GlobalGreenUp.com.
- The number of ads per page is determined by the size of other ads and available space.
- Static ads (ads that display on a specific page every time that page loads) are available at a premium. Static ads will automatically assume the top ad position.
- Ad design and animation services are available at a reduced rate for advertisers. Average non-animated ad design fees range from \$50-\$80 each. Animated design starts at \$80 and increases with duration and complexity.
